# KIJANG ECONOMICS — COMPETITION —

## Introduction

Kijang Economics Competition (KEC) is a national economics competition for primary, secondary and pre-university students which aims to challenge students' economics knowledge through economics, entrepreneurship, financial literacy and business. The first competition will take place in April 2019.

KEC intends to spark a competitive nature among students as provide them with the opportunity to polish and develop in economic and financial literacy. KEC questions has a unique way of highlighting economic and financial concepts by relating it to the local and global economies over time.

KEC tasks consist of multiple choice questions (tests), requiring an application of economic and financial knowledge to find solutions on capital resources, use of financial instruments and financial market analysis. The questions in KEC are aligned with the Malaysian curriculum standards and Elemen Merentas Kurikulum (EMK) in KSSR and KSSM. KEC is endorsed by the Ministry of Education Malaysia, which enables all participants to obtain co-curriculum marks.

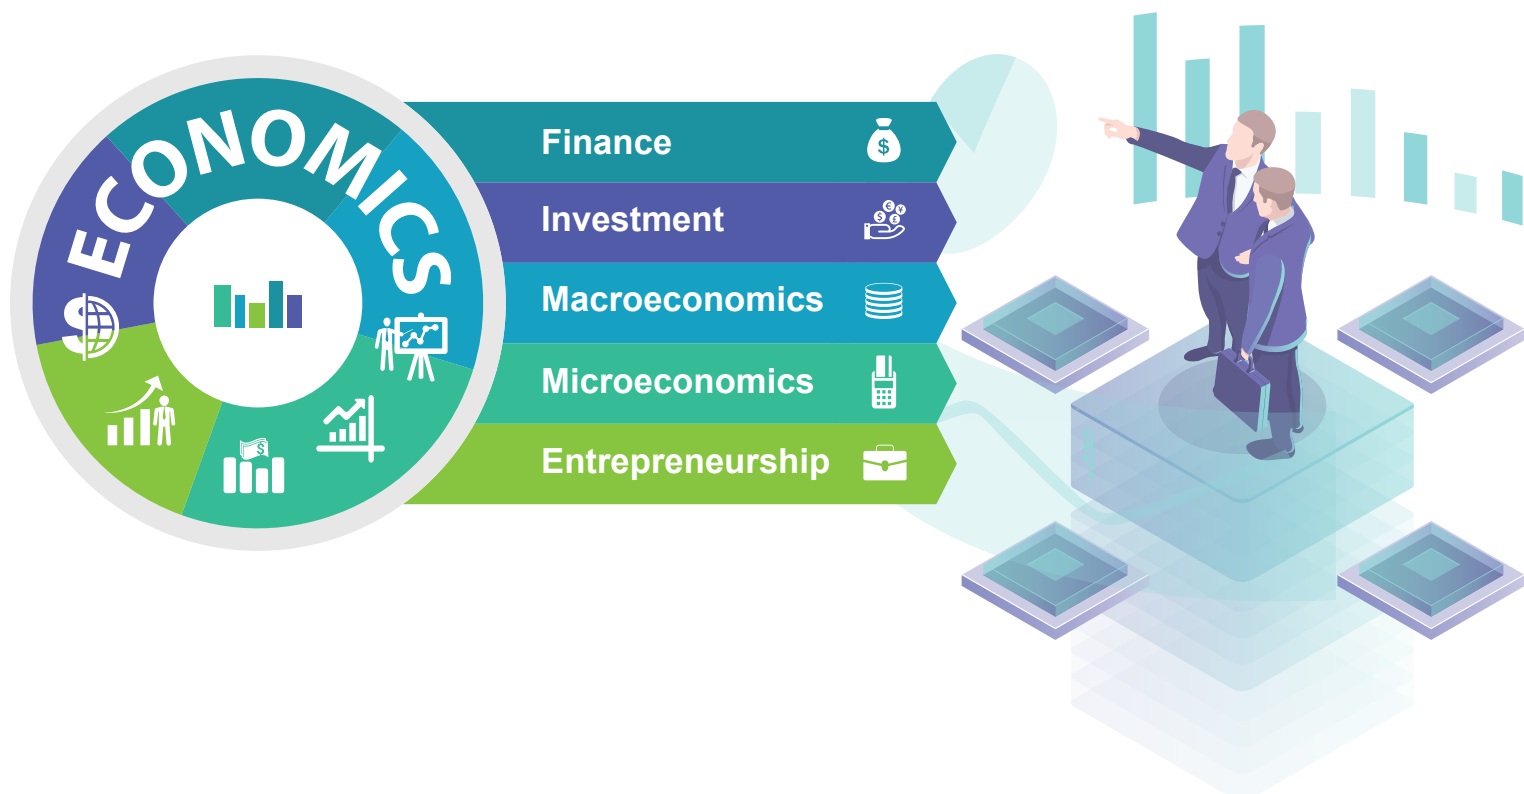

---

## About Kijang Economics Competitions

KEC has three categories which is sorted by age groups; namely as Primary, Lower Secondary, and Upper Secondary.

All questions are designed and specifically trained for economics studies by the expatriates in economics.

Economics has a diverse range of field. Among them are:

## Objectives

- 1 To tap the unutilised potential of young minds in this field.
- 2 To expose students on the importances of financial literacy in daily life.
- 3 To allow students to apply their inquiry-based economics and entrepreneur skills that they have learned in school as an extracurricular activity.
- 4 To prepare the students with Higher Order Thinking Skills (HOTS) to meet the future challenges in global economics.
- 5 To stimulate the significant use of economics skills in the area of human endeavour especially as a way to solve national problems.

## Advantages

- 1 Questions in KEC are drawn from real-life situation and contemporary issues in order to stimulate students' problem-solving and critical thinking ability.
- 2 KEC's syllabus incorporates the Malaysian school syllabus, which makes KEC a significant economics competition that is suitable to almost all students in Malaysia.
- 3 KEC is catered to all school students from Standard 1 to Form 6 as it has three different categories with differing levels of difficulty.
- 4 KEC's questions are designed and reviewed by education professionals.

## Why Should Students Participate?

Develop students' potential with logical thinking and problem-solving skills in economics. Polish students' problem solving skills in economics.

Strengthen the 3 EMKs (Keusahawanan, Kelestarian Global dan Pendidikan Kewangan) learned by students throughout Malaysian curriculum standards.

Boost students' creativity and curiosity by discovering new ideas and solutions.

Boost Malaysia's young talents to drive and develop new ideas in economics.

Build a new generation with an ability to drive national economy forward for good.

Instill students' survival skills and increase the ability to distinguish the effect of every economical and financial activities in daily life.

Enhance students' decision making in money management to be more ethical.

## Competition Format

The competition will be administered at each participating school under invigilation from the respective school teacher(s).

There are 30 objective questions for each category to be answered in 1 hour.

Students are allowed to bring stationary and unprogrammed calculator only.

Students are prohibited to discuss with anyone while taking the exam.

## Language

Malay

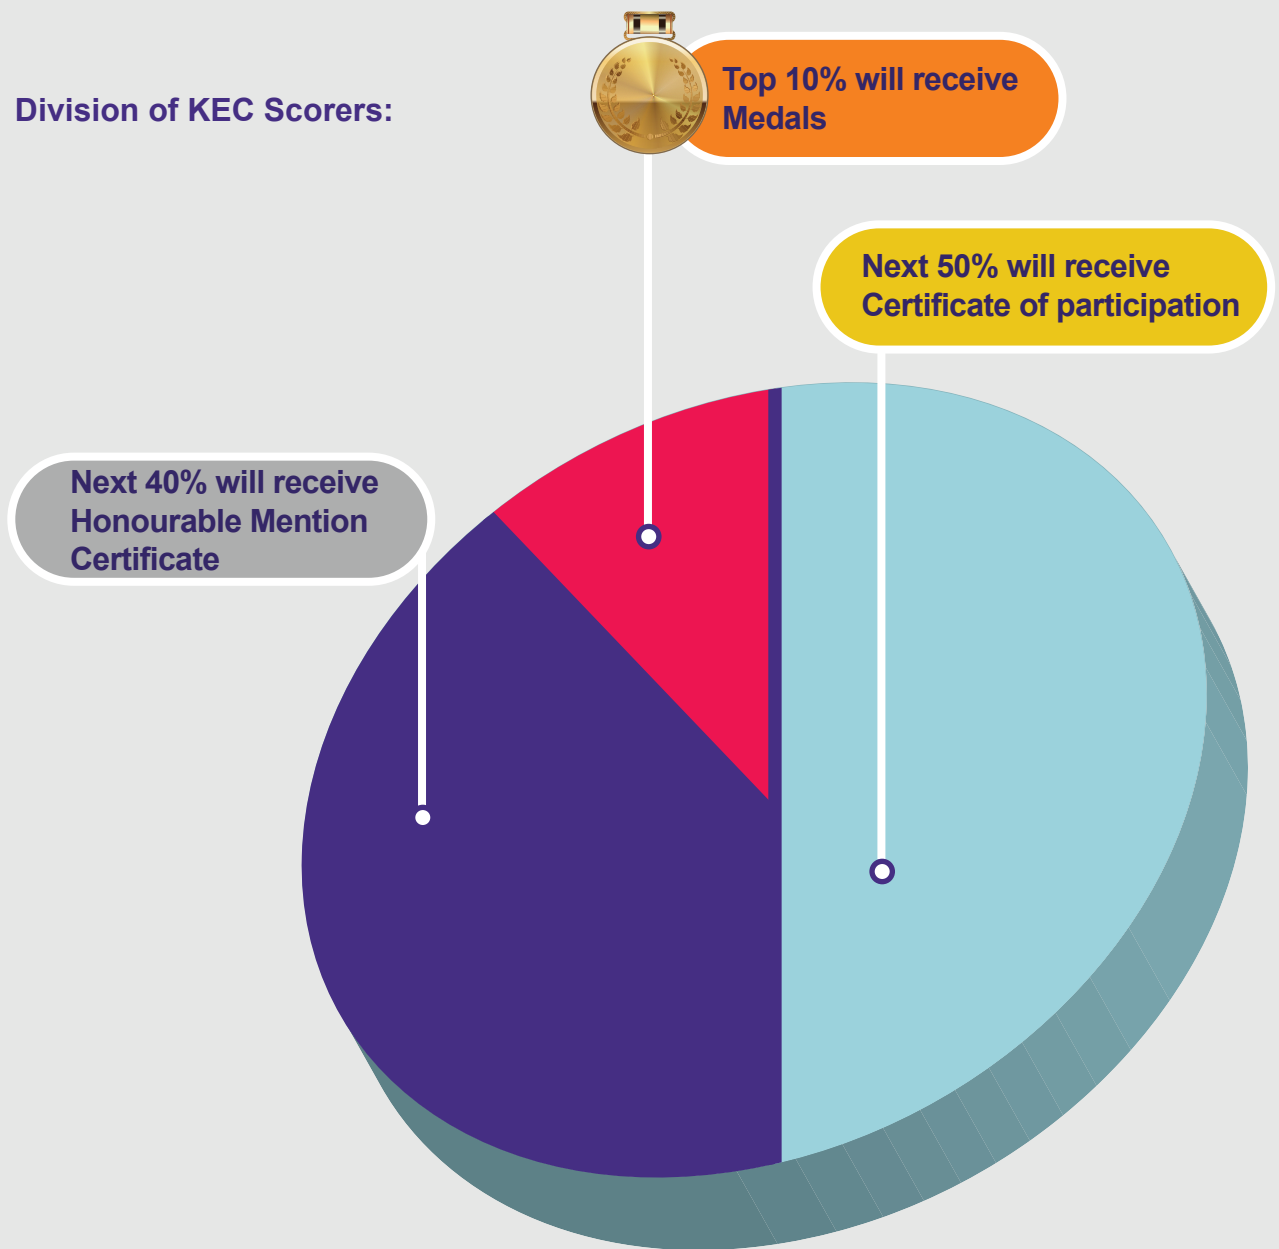

English

# Award & Certificate

- Every participant will receive a certificate of participation jointly issued by the Director of Kijang Secretariat and Ministry of Education Malaysia.

- Division of KEC Scorers:

- Certificates and medals will be couriered to the schools.

# Competition Procedure

1

Registration should be carried out by the appointed teacher or person-in-charge only.

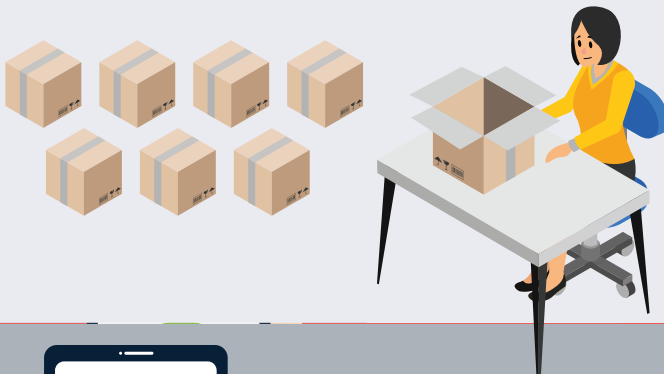

2

One week before the competition, question packages will be sent to schools or centre.

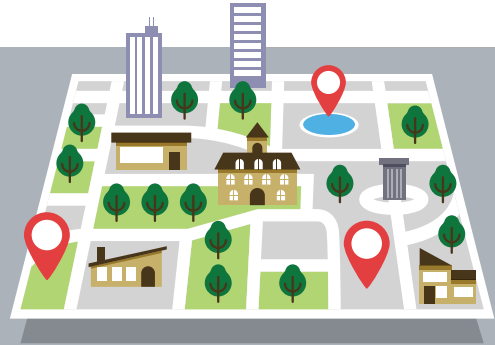

3

The teacher / person-in-charge has to open the packages and check if it is the right package, to avoid any inconvenience on the competition day.

4

If there are any mistakes in the package, do contact us immediately.

5

On the competition day, the schools will conduct the competition at their own venues.

6

Schools will enforce the regulations of the competition, especially in making sure that the questions are not leaked before the competition day, and that the questions are not published online until one month after the competition day.

7

Schools will then send back the answer sheets to the Kijang Economics Malaysia Secretariat.

8

The result will be announced and the certificate will be awarded after the competition.
